**Summary:** On July 27, 2001, William Bagley, attorney for the Los Angeles to Pasadena Metro Blue Line Construction Authority (Authority), had two separate telephone conversations with Lester Wong, advisor to Cmmr. Bilas, and Cmmr. Bilas. Written material (attached to the notice) was referred to in the conversations and delivered to Lester Wong on July 31, 2001. Bagley noted that certain applications were not subjects of substantive protests. Bagley also stated that the Authority has begun pre-construction work on the non-crossing sections of the Blue Line right-of-way and that it would be economically efficient to also be able to perform such work at proposed grade-separated crossings as well. Bagley thus urged the de-consolidation of the applications and the timely processing of those applications relating to the grade-separated crossings on the northern portion of the Blue Line.

The City representatives stated they were concerned customers would be left without dial tone. PacBell explained that Mare Island is private property, therefore PacBell is meeting its obligation to serve by bringing dial tone to the MPOE on Mare Island, and that by law PacBell cannot take over GST's facilities. PacBell representatives stated that PacBell agrees to work with GST to set up cross connects at the MPOE for the business customers. PacBell's representatives urged the Commission to approve the application and allow customers to default to PacBell without a Letter of Authorization or Third Party Verification.

08/01/01	A98-04-048	Pacific Bell Telephone Company, for authority to categorize residence inside wire repair as a category III service
----------	------------	--

**Summary:** On July 31, 2001, Laura Tudisco, staff counsel for the Office of Ratepayer Advocates (ORA), met with Trina Horner, advisor to Cmmr. Lynch, in San Francisco. Also present was James Simmons, Public Utilities Regulatory Analyst for ORA. Referring to ORA's petition to modify decision 99-06-053 (Petition), ORA representatives stated that the service at issue is Pacific Bell's residential Wire Pro insurance plan. ORA described how, since re-categorization of the WirePro insurance service to Category III, PacBell has raised rates 150% above the ceiling rate originally approved. ORA also described how competition has failed to contain PacBell's price increases because there are no alternative providers of residential inside wire insurance for PacBell's customers. ORA explained that the Petition asks the Commission to re-categorize PacBell's residential WirePro insurance plans to Category II, and seeks reinstatement of a ceiling rate of \$1.20 for the residential Wire Pro insurance service. ORA also explained that the purpose of its motion to stay was to ask the Commission to suspend the pricing flexibility so that PacBell's subscribers would not be subjected to further unreasonable rate increases pending a decision on the Petition.

of Pacific Enterprises, and Enova Corporation with and into B Mineral Energy Sub (Newco Pacific Sub) and G Mineral Energy Sub (Newco Enova Sub), the wholly-owned subsidiaries of a newly created holding company, Mineral Energy Company

**Summary:** On July 30, 2001, Leslie Katz, Regional Vice President, Regulatory Affairs of Sempra Energy (Sempra), met with David Gamson, advisor to Cmmr. Brown, in San Francisco. Also present was Judy Peck, Administrator, State Regulatory Relations, for Sempra. Peck explained that the alternate mis-characterized the intention of the reorganization. Katz stated that while the alternate assumes that consolidation of management functions would move more functionality away from the utilities, actually the exact opposite is true. Katz stated that reorganization would in fact push functionality away from the parent down to the utilities. Peck explained that the original merger decision put only a few specific limitations on the integration of the utilities. Peck noted that Sempra's motion complied fully with the original merger decision and that Section 854 does not require applicants to submit and execute a specific organizational structure.
